What do Hindus believe that God is like?

I can understand the story of Rama and Sita

I can retell the story using a puppet.

I can understand the message behind the story.

This week we heard the story of Rama and Sita. We listened very carefully so that we were able to retell the story using a puppet.

We learnt that the message of the story is that good always triumphs over evil and light over dark.

We heard that this story is remembered at the Hindu festival of Diwali. At this time, people use decorated lamps to light their homes and let off fireworks to celebrate.
