What is the Trinity and why is it important to Christians?

I can describe the wonderful qualities of water.

I can describe how it can be used.

I can suggest why it is used as a symbol for Christians.

This week we have been thinking about water. We looked at the images below to help us to find as many words as we can to describe water.

Life giving

Why do you think Christians use water as a symbol?

To reflect on what they done in the past.
They do this because you can see reflections
in it. It gives us life, cleans our sins away and
helps us drink.

Why do you think Christians use water as a symbol?

It gives us life.
cleans our sins away
Help us to reflect
satisfies us when we are thirsty
