Why do Christians believe that Jesus is the Messiah?

I can understand what happened in the Fall?

I can understand the significance of the Fall?

I can understand why the story is important to Christians?

The garden of Eden was perfect.	God had one rule one rule don't eat the fruit from the knowledge tree.	Satan, came turned into a snake, tempted Eve.

I think 'the fall' is important to Christians because it was what introduced sin into the world.

I think 'the fall' is important to Christians because it was when the first sin came into the world and it made god separated from the world.

I think 'the fall' is important to Christians because that how sin came into the world. Also because that how darkness entered the world.

I think 'the fall' is important to Christians because God became separated from humanity and it was the first sin.

Adam and Eve ate the fruit and sinned.	Everything changed and they hid from God as they were ashamed.	They had to leave the garden. They needed someone to repair the damage and take the sins.

This week we started to look at the book of Genesis, in the Old Testament, to find out what Christians believed happened when it all started to go wrong. After watching a video, we story booked what we had learned.
