Times Tables	Times Table Rock Stars (2 garage and 1 soundcheck) OR Times Table Practise

Speaking and Listening Project
Human Digestive System

Create your own project about the Human Digestive System or choose one of the activities below. You can present your work in any way you like, such as a poster, model, booklet, fact file, PowerPoint, video, artwork, or another creative format. If you would prefer, you can choose one of the suggested projects below.

⭐ **Remember to be creative, include interesting facts, and present your work neatly.**

Draw and Label the Digestive System

Create a detailed drawing of the human digestive system.

Create a Fact File About the Human Digestive System

Include:
- The main parts of the digestive system
- The journey food takes through the body
- At least 5 interesting facts

Digestive Journey Diary A Day in the Life of a Cheese Sandwich!

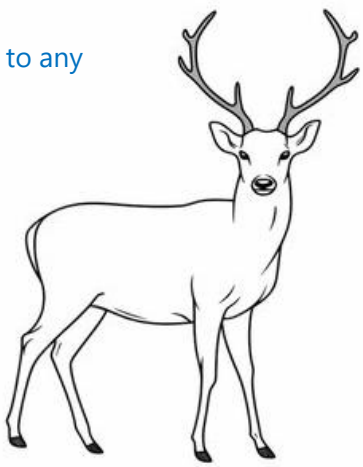

Imagine you are a piece of food travelling through the digestive system. Write a diary entry describing:
- How you are chewed in the mouth
- What happens in the stomach
- How nutrients are absorbed
- What happens to any waste

Digestive System Timeline

Create a timeline showing the journey food takes through the body.

Digestive System Detective

Research and find pictures of the following: Mouth, stomach, liver, small intestine and large intestine.

Project Deadline: Tuesday 15th December

If you do not have access to the internet or the local library, please request supporting resources from your child's class teacher.
