

Amazon Prime Video

Not only does Amazon deliver parcels, but they are also another streaming giant. Amazon Prime Video is considered to be Netflix's biggest competitor. Prime subscription includes many free items, but some things you have to pay for.

See below for a list of easy to follow instructions for accessing the parental controls on the platform, to ensure children and young people in your care watch suitable content.

Restrict certain content for your Amazon device:

- Visit your profile.
- Select **Parental Controls**.
- Select **Viewing Restrictions**.
- Select an age restriction and the devices you wish to apply to.
- Don't forget to select **Save**.

Remember! Restrictions only apply to the device they were set up for!

Set up a Parental PIN code:

- Visit your profile.
- Go to your **Settings**.
- Select **Parental Controls**.
- Select **Change Prime Video PIN**.
- Enter your PIN CODE.
- Don't forget to select **Save**.
