British Value

Understand what we mean by British Values.

Enrichment

Hockey Festival at Lacon School.
Class Story – Iron Man.
Christmas Performances: Signing and Performing the Clarinet.
Explore what is meant by Democracy.

Curriculum

Subject Intent

As Writers we will be writing letters of persuasion from the point of view of others. We will also be using different word classes in our writing and selecting words for effect.

As Readers we will read and appreciate a range of fiction and non-fiction texts around Anglo Saxons and Europe. We will also be looking at using inference and deduction – in particular looking at the views and thoughts of different characters.

As Mathematicians we will develop our understanding of the four operations, and building on mental skills to help calculate efficiently and fluently. We will build on these skills by problem solving in a range of contexts, including money and measures.

As Scientists we will study the different types of vertebrates and invertebrates. We will then look at digestion and build our knowledge of how the human body works, and the role of each organ. This will also promote healthy teeth and eating.

As Historians we will be further exploring Anglo Saxons and looking at pastimes, clothing and jewellery.

As Geographers we will locate the different countries within Europe and begin to compare and contrast different countries.

As Artists/design technologists we will improve our mastery of making clay models for periodic jewellery and clothing accessories.

As Musicians we will appreciate listening to and playing the clarinet. We will also be performing and signing at Church.

In PE we will focus on gymnastics, in particular bridges and balances.

Autumn 2 – Anglo Saxons and Europe
