## Project – How have explorers changed the world?

Choose and complete at least one of the projects listed below:

Choose an explorer:  
Christopher Columbus  
Dame Ellen MacArthur  
Matthew Henson  
Mary Kingsley

Create a picture or model  
an outfit your chosen  
explorer might have worn.  
Think about the places they  
visited – hot/cold wet/dry.  
Explain why they are  
needed.

Imagine you are an  
explorer: create and write a  
postcard home. What would  
you say? Describe the place,  
the weather, and what you  
are doing or seeing.

**Project Deadline:  
Friday 3rd July**

Create a simple fact file,  
leaflet or little book about  
one of the explorers.  
Include drawings, facts  
about their journey, where  
they went and something  
interesting you've learnt.

Draw a map showing where  
your explorer travelled. Use  
arrows, symbols and a  
simple key to show the  
route. You can also include  
drawings of what they  
might have seen along the  
way.

Use junk modelling or  
construction toys to make a  
ship, boat or other method  
of travel used by your  
explorer. Add a flag with the  
explorer's name and  
country.
